Re: Easement issues.

Good morning Lynn. Do we have a date yet for meeting with the board to address their concerns? We have been trying to get a hold of you for two weeks now and have got absolutely zero reply. I'm sure you are very busy but this project has been put on hold for far too long. Can we please get something set up ASAP.

Thanks for your quick reply, I will get a meeting scheduled right away. The Board just wants to make sure all these things are ironed out prior to building. They are supportive of the project in general.
